

# EDUCATIONAL COOPERATIVE

HOW CAN WE HELP?

A web-based data warehouse that places up-to-date, actionable information into the hands of districts staff who need it most.

- Make informed decisions for resource allocation
- Determine staff development needs
- Drive instructional decision making
- Monitor student growth
- Evaluate program effectiveness

Proven solution to help districts get strategic plans off the shelf and into action where they can positively impact students.

- Easily organize all planning information in one, central location
- Effectively align objectives with initiatives
- Quickly identify areas of need to smooth the implementation process
- Efficiently monitor the status and effectiveness of the plan

Effective Transition and Behavior resources that help educators to guide students to success in the classroom and life.

- Increase Special Education compliance
- Assess and monitor improvement on important behavioral skills
- Improve student self-advocacy and ownership
- Resources available in electronic and printed formats

Comprehensive finance, Human Resources, and Payroll Systems designed for Minnesota schools by Minnesota schools.

- Administrative support services including emergency processing services for when life happens and you need someone to keep your business office running
- HR analysis, policy and procedure review
- Fiscal year end accounting support
- MARSS Support

**Student Plans** ▪ Offers comprehensive and flexible software that is a proven solution to help districts meet the unique challenges associated with managing special education individual learning plans, billing, health plans, 504 plans, ESY, transportation plans, and more.

**Software Innovation** ▪ With 20+ years of experience, our skilled team of developers helps districts to take "blue sky ideas" and transform them into hard-working applications that meet their real-world needs.

**Data Integration** ▪ When it comes to student information, having lots of experience matters. For over 20 years, our Integration Team has been helping districts with Student Information Systems and data integration.

**Digital Learning** ▪ Offers a variety of tools and services that support online learning environments.

**Document Imaging** ▪ cmERDC is an exclusive Kyocera Total Document Solutions Provider focused on the high run, low down-time requirements of educational environments.

**Cooperative Purchasing** ▪ Offers deep discounts to our PK-12 partners through a compliant bidding process. By saving money through cooperative purchasing, districts are able to allocate more financial resources to their critical needs.
