

ReThink Recruiting.

Bring in top talent through smart, virtual technology.

With the technology available today, the way school districts hire positions is changing. And with our new tool, ReThink Recruiting, you can bring candidates into a recruitment experience where they can understand your culture, chat with current teachers, and get answers about important details like benefits and beyond before an interview.

How we support staff recruitment:

Marketing

We'll work with your team to activate email and social ad strategy.

Interview Rooms

Pre-reserve interview sessions in our interview rooms, where you'll speak with qualified, fully-informed candidates.

Website hosting/development

In collaboration with your HR team, we'll develop content and create the website experience.

Tool Training

Our experts can walk your team through the features and functions, making sure they're confident as the event approaches.

Ready to take recruiting to the next level?

Contact Bob Noyed Vice President, CESO Communications at bob.noyed@theceso.com or 612.325.1217 to get started.

Let's rethink possible together.

“

CESO did an excellent job. The feedback that we received from outside as well as inside the organization was very positive. They felt it (the platform) was easy to navigate. The favorite feature of the candidates was the teacher chat room.

”
