ADULT UNDERGRADUATE
PROGRAMS

BETHEL
UNIVERSITY

HIGHLIGHTS OF BETHEL'S ADULT PROGRAMS

Cost-effective Education

In addition to our competitive tuition rates, our program formats and transfer credit policies will help you finish your studies more quickly. Plus, you can earn credit for military experiences, credits by exam, or professional development to help you save even more time and money.

Convenient Program Schedules

We take the hassle out of going back to school by offering programs at convenient times, including fully online options.

Faith-based Teaching

We're unique among undergrad schools for our faith-based approach. While we welcome students from all faith journeys, our courses are taught from a Christian worldview and help our students develop strong ethical foundations.

Supportive Community

At Bethel, you'll be more than a number. You'll take classes with a small group of supportive students and learn from professors who are dedicated to your success.

Practical Learning

Our professors make the connections between theories and real-life experiences so you can apply what you're learning right away. You'll have opportunities to work on relevant projects and assignments that fit your interests and career goals.

Leadership Development

In all programs, we develop leaders who are prepared to serve their families, workplaces, and communities with confidence and compassion.
