

# EasyIEP™ Translation

Effortlessly translate special education documents into other languages with the click of a button.

Public Consulting Group's (PCG's) EasyIEP Translation is a cost-effective tool that empowers districts and schools to provide student documentation to parents in their native language.

Now teachers can instantly produce translated Admission, Review and Dismissal (ARD) documents for families in advance of, and immediately following ARD meetings.

## Features

### User-Friendly Functionality

Simply select the desired language and documents are translated into the selected language with a click of a button.

### Extensive Language Library

Automatically translate documents into multiple languages.

### Comprehensive Translation

All text within the document, including headings, data fields, and user-entered notes are translated into the selected language.

### FERPA/HIPAA Compliant

EasyIEP Translation meets FERPA/HIPAA requirements.

### Electronic Historical Record

Once the ARD document is finalized, EasyIEP Translation retains both the translated and English versions within the student's historical record.

**Create Draft IEP** ☐ Include a Spanish version of the document

 Info - All previously created IEP/Amendment documents listed below may be accessed by Final documents are saved permanently.

| ID     | Del | Date/Time Generated | Document Type |
|--------|-----|---------------------|---------------|
| 249638 |     | 2016-09-19 15:26:00 | Final IEP     |

## Benefits

### Cost Savings

EasyIEP Translation produces translated documents at a fraction of the cost per page compared to other translator services, saving districts significant amounts of money.

### Fast Delivery

By automating the ARD translation process, EasyIEP Translation reduces a document's turn-around time from weeks to seconds (compared to traditional translation services).

### Encourages Meaningful Participation

EasyIEP Translation creates a seamless translation process, providing parents the opportunity to actively engage in the development of their child's ARD in their native language—before, during, and after ARD meetings.

“Providing a copy of a student's IEP in the parent's native language helps them truly engage in their child's education and builds trust between the school and the family.”

- Sowmya Kumar Assistant Superintendent, Office of Special Education Services, Houston Independent School District
