

EDPlan™ Suite for Student Success

Plan on success for your students. Plan on EDPlan.

EDPlan is a comprehensive, web-based suite of tools and services from Public Consulting Group (PCG) that helps you develop a plan to support student success—in special education, academics, behavior, and beyond. EDPlan has been designed in partnership with teachers, education professionals, and project management experts and is used in more than 30 states, supporting thousands of schools and districts nationwide. In fact, PCG currently supports 25% of all special education students across the country, with one in four Individualized Education Programs (IEP) managed on our platforms.

Tools in the EDPlan Suite

- ✓ **EDPlan EasyIEP™**
The country's leading web-based special education case management tool, used by more than 5,600 school districts to achieve and maintain federal and state compliance, streamline processes and procedures, and support improved outcomes for students with disabilities.
- ✓ **EDPlan 504™**
A process-driven solution that provides for easy, compliant 504 documentation and offers a number of online time-saving tools to enhance plan management.
- ✓ **EDPlan Progress Track™**
An intuitive progress monitoring tool that provides simple data collection to help teachers proactively make the best decisions to support each child's success and progress towards IEP goals.
- ✓ **EDPlan EasyTrac™**
An integrated, user-friendly tool that supports the logging and compliant documentation of delivery of health-related services to students.
- ✓ **EDPlan Early Warning and Intervention Management with BehaviorPlus™**
A data-centered, problem solving solution designed to identify students at risk, seamlessly create and manage academic and behavior interventions within a framework of multi-tiered system of supports, and monitor student response to intervention.
- ✓ **EDPlan SIRS™**
A system of robust tools for incident tracking and reporting that assist educators in making data-driven decisions to improve behavior.
- ✓ **EDPlan Connect™**
An all-in-one caregiver portal that promotes increased family involvement in a child's education, whether it's signing an IEP, consenting to bill Medicaid, or prescribing services via Order/Referral.
- ✓ **Behavioral Threat Assessment (BTA) Solution**
A secure, web-based tool that incorporates the threat assessment models established by the United States Secret Service as implemented by the State of Virginia to improve the K-12 threat assessment process.

Why EDPlan?

User-friendly and seamless

EDPlan's intuitive design simplifies document development and compliance, smoothly integrating with existing Student Information Systems and local data sources.

Reporting that works for you

Powerful, flexible reporting and analytical tools help you get the answers you need to drive system improvement.

Tools to help you go paperless

EDPlan offers a variety of cost effective paperless solutions designed to increase document retention while reducing the cost and time spent managing paper.

Integrated translation capabilities

New translation feature allows you to automatically translate IEPs and other documents within the EDPlan platform with the click of a button.

Reimbursement made simple

Our EasyTrac module makes school-based Medicaid reimbursement easier and more effective, to help you recover the reimbursements to which you are entitled.

The #1 choice for special education

EDPlan is the most widely used special education management system in the US today, serving more school systems and states than any other.

EDPlan™

EDPlan is a suite of tools and services from PCG that helps you promote a plan for student success—in special education, academics, behavior, and beyond. EDPlan's features have been designed in partnership with teachers, education professionals, and project management experts. EDPlan is being used in more than 30 states, supporting thousands of schools and districts nationwide, more than any other solution today.
