

## Online Occupational & Physical Therapy Services for Schools

It is no secret that there is a growing shortage of occupational and physical therapists in U.S. schools. At the same time the student need has never been greater. eLuma is committed to helping schools and districts ensure that the students get their needs met and programs remain compliant.

## The Solution

eLuma's national network of online clinicians can help OT & PT programs expand their reach and capacity to ensure that each and every student can get exactly what they need.

## GETTING STARTED

PC or Mac  
computer

Working  
webcam

High speed  
Internet

Headset with  
microphone

Well-lit,  
secluded area

A **Facilitator** is a volunteer, teacher, or paraprofessional who is available to open the virtual classroom for therapy sessions and to act as a liaison between the teachers and therapists as needed.

It is recommended that the Facilitator be available during the session to provide tactile cues, support for balance activities, and redirection if needed.
