

Online School Psychology & Mental Health Services for Schools

It's no secret that the shortages for school psychologists are at crisis levels. At the same time student need has never been greater. eLuma is committed to helping schools and districts ensure that the students get their needs met and programs remain compliant.

SOLUTION

Testing, counseling & intervention can all be performed by clinicians from eLuma's national network of online school psychologists, school counselors & school social workers.

GETTING STARTED

PC or Mac computer

Working webcam

High speed Internet

Headset with microphone

Well-lit, secluded area

A **Facilitator** is a volunteer, teacher, or paraprofessional who is available to open the virtual classroom for therapy sessions and to act as a liaison between the teachers and therapists as needed.

For a majority of the time the Facilitator works on other things while the students are in their online sessions. Occasionally, the therapist may need the Facilitator to assist the student during therapy.

SERVICES

- Individual/group counseling
- Full student evaluations

ABOUT ELUMA

- Founded in 2011
- 20,000+ students served
- 400,000+ hours of therapy
- Proprietary software
- Over 30,000 therapy materials
- Therapists licensed in every state
- Evidence-based practices
- Premiere provider of K12 mental health services

The eLuma staff was pleasant and accommodating and willing to meet our needs. Our students enjoyed an online platform and looked forward to going to their speech sessions. I would recommend eLuma to any school district to meet the needs of their students.

- Rhonda Benjamin, Special Education Leader
