

Provide the best education possible by supporting your teachers in their professional growth.

# Feeling defeated from too much time spent on paperwork, and not enough working with teachers to grow classroom practice?

MY SCHOOL'S TEACHER EVALUATION PROCESS IS EFFICIENT AND NOT OVERLY TIME-CONSUMING.

OUR TEACHER EVALUATION PROCESSES ARE EFFECTIVE AT HELPING TEACHERS IMPROVE THEIR SKILLS AS TEACHERS.

Only about 1/3 of principals we surveyed said their evaluation process was efficient, and less than half could definitively say that their evaluation process was effective in helping their teachers improve their teaching skills.

## Educators deserve better.

Join over 2,000 school districts who are streamlining and personalizing professional learning and evaluations with Frontline Professional Growth.

### Professional Learning

Meet the individual and unique needs of every educator with relevant, engaging, and ongoing learning and development opportunities – videos, courses, micro-credentials, and more.

### Evaluation

Make evaluations part of the growth process by linking evaluation outcomes to professional learning unique to individual teacher needs and goals.

### Collaboration

Provide space for educators to meaningfully collaborate, learn together, give and receive feedback and develop a culture focused on learning.

## In Their Own Words

“Frontline Professional Growth has been extremely helpful for us in terms of helping us identify where we have strengths, where our teachers perform very well and how our teachers take advantage of professional learning opportunities. Then we can look back to see if there are areas that can be improved, and start planning more focused professional development opportunities. That ensures that our teachers have what they need to do for our kids in the classroom every day.”
