

A STRONG AND TRUSTED PARTNER TO MINNESOTA SCHOOLS

When choosing a financial partner to help chart your organization's future, you want someone with a deep understanding of the bond market and all your potential financing options. But just as important is someone who understands you – the obstacles you face and where you want to be today and years down the road.

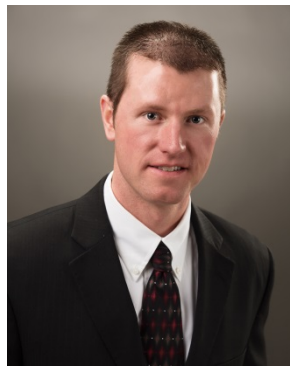

Baird's Public Finance team is dedicated to meeting the short-term and long-term goals of our Minnesota Public Schools through nationally ranked advisory, underwriting, placement agent and consulting services. My name is Michael Hoheisel. My colleague's name is Matt Rantapaa. We both have the pleasure of working for Baird, a top financial services firm to Minnesota School Districts. Whether we are exploring bond issuance or refinancing, addressing cash flow concerns, or presenting to your board or broader community, you can rely on Baird to be a trusted financial partner who's personally invested in your success.

We welcome your questions and look forward to the opportunity to share how Baird can enhance the District's financial future.
